A LOT OF PLUS POINTS

ELEGANT SPORTING APPEAL, TAKEN TO THE MAXIMUM. THE BMW 4 SERIES – A MARRIAGE OF ATHLETICISM AND AESTHETICS. WITH A SLEEK, SPORTY SILHOUETTE, A MUSCULAR REAR AND A FOCUSED FRONT SECTION, IT PROVOKES DESIRE AND ADMIRATION. WITH ITS POWERFUL AND EFFICIENT BMW TWIN POWER TURBO ENGINES, IT NOT ONLY TAKES TOP SPOT, BUT EXTENDS ITS LEAD.
THE BMW 4 SERIES CONVERTIBLE AND GRAN COUPÉ.

www.bmw.com/efficientdynamics

MORE POWER FROM LESS FUEL.

More power from three to 12 cylinders. Consume less, experience more – the **BMW TwinPower Turbo** engines offer the greatest possible dynamic performance with the greatest possible efficiency thanks to the newest injection systems, variable output control and sophisticated turbocharger technology. Whether diesel or petrol, and no matter how many cylinders, the engines from the BMW EfficientDynamics engine family allow markedly more agile power delivery and outstanding responsiveness even at low rpm, while being fuel-efficient and low in emissions.

MORE DRIVING PLEASURE, LESS EMISSIONS.

BMW EfficientDynamics is a technology package that includes not only the drive, but rather the whole vehicle concept and intelligent energy management. Provided as standard in every BMW, a variety of innovative technologies contribute to continuously improving efficiency. Via engine efficiency measures, electrification, lightweight construction methods and optimised aerodynamics, BMW has managed to reduce the CO₂ emissions of its fleet significantly.

MORE DYNAMICS, LESS WEIGHT.

Lower weight with intelligent lightweight construction. Special consideration for every last detail – intelligent lightweight construction means that the optimal material is found and implemented for each part of the vehicle. With extremely light high-tech materials such as aluminium and carbon fibre, **BMW EfficientLightweight** is pursuing the goal of minimising vehicle weight. That leads to even more dynamic performance, increased stability and heightened safety and comfort.

BRAKE ENERGY REGENERATION

Brake Energy Regeneration uses the energy that is created when the driver eases off the accelerator or brakes. Thus, the alternator is used efficiently, and kinetic energy that so far went unused can now be turned into electric energy to charge the battery. Fuel consumption is reduced and performance increases.

AERODYNAMICS

Every BMW boasts an excellent drag coefficient, thanks to aerodynamic optimisations that complement each other perfectly. This in turn has a positive effect on efficiency and fuel consumption. Examples include the flat undercarriage cover and aerodynamically optimised exterior mirrors.

AUTOMATIC START/STOP FUNCTION

The Automatic Start/Stop function switches off the engine when the vehicle comes to a temporary standstill (e.g. at traffic lights or in a traffic jam) to further reduce overall fuel consumption. When the driver presses down on the clutch (manual transmission) or takes their foot off the brake (Steptronic transmission), the engine automatically starts up again in a fraction of a second.

THE BMW 4 SERIES CONVERTIBLE AND GRAN COUPÉ – DYNAMIC AND EFFICIENT.

BMW 418i Gran Coupé

- BMW TwinPower Turbo 3-cylinder petrol engine with 100 kW (136 hp) and 220 Nm torque
- Acceleration 0–100 km/h: [9.6 s]
- Top speed: [210 km/h]
- Combined fuel consumption: [6.0–6.2 l/100 km]
- CO₂ emissions: [136–141 g/km]

BMW 420i Gran Coupé // Convertible / BMW 420i xDrive Gran Coupé

- BMW TwinPower Turbo 4-cylinder petrol engine with 120–135 kW (163–184 hp) and 270–290 Nm torque
- Acceleration 0–100 km/h: 7.5–8.0 s [7.7–8.9 s]
- Acceleration 0–100 km/h with xDrive: [8.1 s]
- Top speed: 236–230 km/h [236–220 km/h]
- Top speed with xDrive: [231 km/h]
- Combined fuel consumption: 6.4–6.5 l/100 km [5.9–6.6 l/100 km]
- Combined fuel consumption with xDrive: [6.5–6.8 l/100 km]
- CO₂ emissions: 146–149 g/km [135–150 g/km]
- CO₂ emissions with xDrive: [150–156 g/km]

BMW 430i Gran Coupé // Convertible / BMW 430i xDrive Gran Coupé // Convertible

- BMW TwinPower Turbo 4-cylinder petrol engine with 185 kW (252 hp) and 350 Nm torque
- Acceleration 0–100 km/h: [5.9–6.3 s]
- Acceleration 0–100 km/h with xDrive: [5.9–6.4 s]
- Top speed: [250 km/h]¹
- Top speed with xDrive: [250 km/h]¹
- Combined fuel consumption: [6.0–6.6 l/100 km]
- Combined fuel consumption with xDrive: [6.6–7.2 l/100 km]
- CO₂ emissions: [136–151 g/km]
- CO₂ emissions with xDrive: [150–165 g/km]

BMW 440i Gran Coupé // Convertible / BMW 440i xDrive Gran Coupé // Convertible

- BMW TwinPower Turbo inline 6-cylinder petrol engine with 240 kW (326 hp) and 450 Nm torque
- Acceleration 0–100 km/h: [5.1–5.4 s]
- Acceleration 0–100 km/h with xDrive: [5.0–5.4 s]
- Top speed: [250 km/h]¹
- Top speed with xDrive: [250 km/h]¹
- Combined fuel consumption: [7.2–7.7 l/100 km]
- Combined fuel consumption with xDrive: [7.6–8.3 l/100 km]
- CO₂ emissions: [165–176 g/km]
- CO₂ emissions with xDrive: [174–190 g/km]

BMW 418d Gran Coupé

- BMW TwinPower Turbo 4-cylinder diesel engine with 100–110 kW (136–150 hp) and 320 Nm torque
- Acceleration 0–100 km/h: 9.1–9.5 s [9.0–9.5 s]
- Top speed: 213 km/h [213 km/h]
- Combined fuel consumption: 4.6–4.9 l/100 km [4.5–4.8 l/100 km]
- CO₂ emissions: 122–128 g/km [119–125 g/km]

BMW 420d Gran Coupé // Convertible / BMW 420d xDrive Gran Coupé

- BMW TwinPower Turbo 4-cylinder diesel engine with 120–140 kW (163–190 hp) and 400 Nm torque
- Acceleration 0–100 km/h: 7.6–8.8 s [7.4–9.0 s]
- Acceleration 0–100 km/h with xDrive: [7.5–8.3 s]
- Top speed: 240–228 km/h [231–223 km/h]
- Top speed with xDrive: [230–224 km/h]
- Combined fuel consumption: 4.9–5.4 l/100 km [4.6–5.0 l/100 km]
- Combined fuel consumption with xDrive: [5.0–5.2 l/100 km]
- CO₂ emissions: 128–142 g/km [120–131 g/km]
- CO₂ emissions with xDrive: [131–136 g/km]

BMW 430d Gran Coupé // Convertible / BMW 430d xDrive Gran Coupé

- BMW TwinPower Turbo 6-cylinder diesel engine with 190 kW (258 hp) and 560 Nm torque
- Acceleration 0–100 km/h: [5.6–5.9 s]
- Acceleration 0–100 km/h with xDrive: [5.3 s]
- Top speed: [250 km/h]¹
- Top speed with xDrive: [250 km/h]¹
- Combined fuel consumption: [5.5–6.0 l/100 km]
- Combined fuel consumption with xDrive: [6.0–6.2 l/100 km]
- CO₂ emissions: [144–158 g/km]
- CO₂ emissions with xDrive: [158–163 g/km]

BMW 435d xDrive Gran Coupé // Convertible

- BMW TwinPower Turbo 6-cylinder diesel engine with 230 kW (313 hp) and 630 Nm torque
- Acceleration 0–100 km/h: [4.8–5.2 s]
- Top speed: [250 km/h]¹
- Combined fuel consumption: [6.2–6.6 l/100 km]
- CO₂ emissions: [162–172 g/km]

The figures for performance, fuel consumption and CO₂ emissions refer to vehicles with standard transmission. Figures in [] are for vehicles with Steptronic transmission.

Further information on fuel consumption and CO₂ emissions can be found in technical data.

¹ Electronically limited.

BMW Personal CoPilot

By your side, when you decide.

THE INNOVATIVE BMW ASSISTANCE SYSTEMS.

The BMW driver assistance systems offer the ultimate in comfort and safety. Whether it's for driving or parking, BMW driver assistance systems are there when you need them, reliably and in every situation. The most cutting-edge sensors, such as radar, ultrasound and cameras, dependably register the vehicle's surroundings, forming the basis for intelligent driver assistance systems. Either activated when desired, or as emergency assistance in the background – the BMW driver assistance systems make every drive in your BMW even safer and more enjoyable.

CLOSER TO AUTONOMOUS DRIVING THAN EVER BEFORE.

Autonomous driving is not a utopia, it is the future: All over the world, BMW Personal CoPilot test vehicles are already driving completely independently without the driver's intervention and not only show impressively how mobility will change in the near future – they also offer an outlook on the next level of driving pleasure. Even today, the BMW driver assistance systems already offer a large number of intelligent semi-automated functions that actively support and relieve the driver in almost every driving situation.

SIMPLY PARK IT.

With intelligent parking assistance systems, you don't just look forward to every ride in your BMW, but also to parking and manoeuvring. For example, the Parking assistant already displays suitable parking spaces as you drive past and, depending on the BMW model, runs the parking process either partially or completely independently. But here too, automation will continue to advance, so that in the future it will be possible for vehicles without drivers to search for a parking space and execute the parking process autonomously.

ACTIVE CRUISE CONTROL.

Active cruise control with Stop&Go function^{1,*} incl. Approach control warning with braking function maintains a speed preselected by the driver, as well as the distance to the vehicle ahead. The vehicle takes over accelerating and braking and keeps the predetermined distance to the car ahead even in slow-moving traffic and down to a stand-still in traffic jams.

DRIVING ASSISTANT.

Driving Assistant^{1,2,*} combines the Lane Departure Warning and Approach control warning systems. When travelling at speeds between 10 and 60 km/h, the Approach control and person warning with light city braking function issues a warning if there is a risk of collision with vehicles or pedestrians, and brakes the vehicle in the event of an emergency. At speeds above approx. 70 km/h, the Lane Departure Warning draws the driver's attention to an unintentional lane change by means of slight vibrations of the steering wheel.

PARK ASSIST.

The Parking Assistant^{1,*} makes parking parallel and perpendicular to the road easier. The system works by measuring even tight potential parallel parking spaces while driving past at a low speed. When a suitable space has been found, the Parking assistant takes over the steering, while the driver is responsible for selecting the correct gear, as well as pressing the accelerator and brakes.

IN THE BMW 4 SERIES CONVERTIBLE AND GRAN COUPÉ

The key visual for BMW Personal CoPilot shown here is an exemplary, artistic representation, which can deviate from the design and equipment of the BMW model described in this medium.

BMW ConnectedDrive

So connected, you're free.

Innovation and Technology 16 | 17

CONNECTED FOR OVER 20 YEARS.

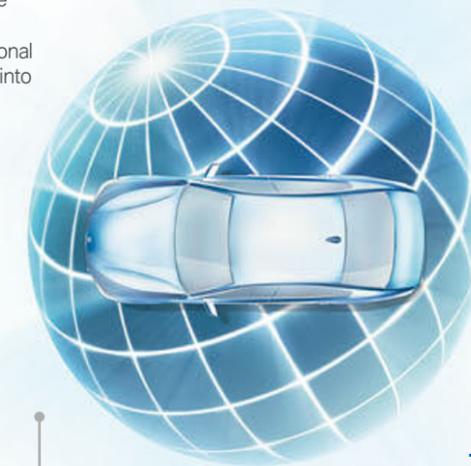

Focused on the future – from the very beginning. By the 1990s, BMW had already made headway in connected mobility. Another milestone of the digital future was surpassed in 2004: vehicles with built-in SIM cards. Then came the first online functionality, Google Services and innovative display systems such as the BMW Head-Up Display. Throughout this process, the desires of the customer have always taken centre stage. In a first for a premium automobile manufacturer, BMW makes it possible to book and pay for services flexibly via the BMW ConnectedDrive Store, in the vehicle or on a computer at home. And with the introduction of BMW Connected, the Open Mobility Cloud, Remote Software Upgrades and the BMW Intelligent Personal Assistant, BMW is taking the next steps into the future of mobility.

BMW CONNECTED.

Connect with your BMW. The BMW Connected app* is your digital mobility assistant which takes care of your needs before and during your journey. Access your car using your smartphone, smartwatch, Amazon Echo or Google Assistant, send destinations to the navigation system or receive reminders for meetings to make sure you arrive there on time.

MORE THAN 20 SERVICES IN THE BMW CONNECTED DRIVE STORE.

BMW ConnectedDrive opens the gate to the digital world of BMW. Use vehicle apps such as news, weather, office or online search on the go and be well informed at all times. Via the ConnectedDrive Store or directly in your BMW, you can book additional digital services such as Connected Music or Concierge Service – anytime, anywhere, easily and flexibly.

PREPARATION FOR APPLE CAR PLAY®.

Why go without the features of your iPhone in your BMW when you can continue operating it as usual? The Preparation for Apple CarPlay^{1,3,*} gives you remote access to telephony as well as apps like iMessage, WhatsApp, TuneIn, Spotify and Apple Music. You can also use the voice button on the steering wheel to access Siri, Apple's voice assistant.

IN TOUCH 24/7 WITH BMW CONNECTED.

Are the doors of my car really locked, when should I leave my office to arrive in time for dinner at the fancy Italian restaurant and how will I find my way there? As your personal mobility assistant, the BMW Connected App can easily help you with all these questions. It connects you directly with your car, giving you access before and during your trip to numerous functions, which make every drive simpler and more comfortable.

TIME-TO-LEAVE NOTIFICATION.

Always arrive on time for your next appointment. The 'time to leave' notification on the BMW Connected app* reminds you in advance when to set off, communicating with your smartphone or smartwatch. Real-time traffic information helps to calculate the optimal departure time to ensure that you reach your destination on time.

IN THE BMW 4 SERIES CONVERTIBLE AND GRAN COUPÉ.

¹ Available as optional equipment.

² Function may be limited in darkness, fog or bright glare.

³ Apple CarPlay® compatibility and supported functions depend on the model year and the software installed on the iPhone®. When the Apple CarPlay® preparation is in use, selected vehicle data is transferred to the phone. The mobile phone manufacturer is responsible for any further processing of this data.

* The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner. Some ConnectedDrive Services may differ between countries. Please consult your local BMW partner for more information.

■ Standard equipment □ Optional equipment

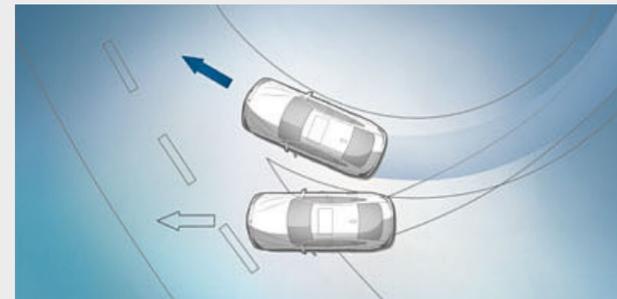

The optional **Variable steering^{1,*}** with Servotronic creates a direct and agile steering response and ensures less physical effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when driving more dynamically and reduces the effort needed to steer when parking and turning.

The automatic **8-speed Steptronic Sport transmission^{1,*}** enables not only automatic gear selection but also manual shifting using the gear lever or gearshift paddles on the steering wheel. Anything is possible, from comfortable gliding to very dynamic driving with Launch Control activated if desired. In SPORT+ mode, the gear shifts are configured for maximum performance.

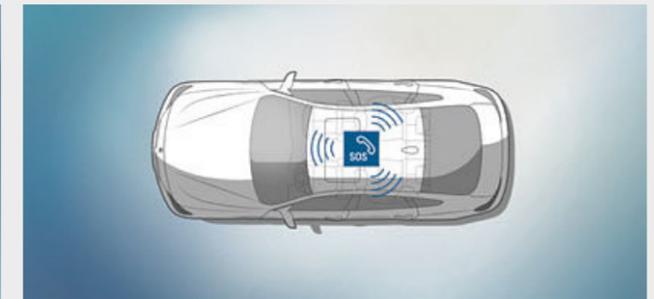

Driving Experience Control offers the driver the choice between the standard COMFORT mode, the more efficient ECO PRO mode, and the SPORT and SPORT+* modes, for an even more dynamic drive. ECO PRO mode adjusts the characteristics of the Steptronic transmission (if present) and the heating/air conditioning settings to make the drive as fuel-efficient as possible.

The **intelligent BMW xDrive all-wheel drive system*** smoothly and variably distributes drive power to the front and rear wheels for maximum traction, driving dynamics and safety in every driving situation. For even better agility, the electronically controlled power distribution for instance counterbalances oversteer or understeer on bends.

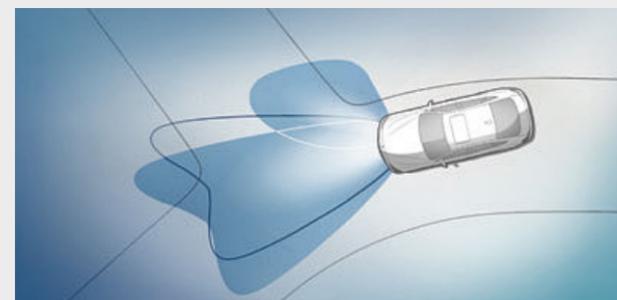

The **Adaptive M suspension^{1,*}** can be electronically adjusted at any time to suit the road and driving conditions. The driver can also adjust the suspension characteristics via the Driving Experience Control to enable their preferred driving style at the time – from comfortable to extremely athletic with markedly agile handling.

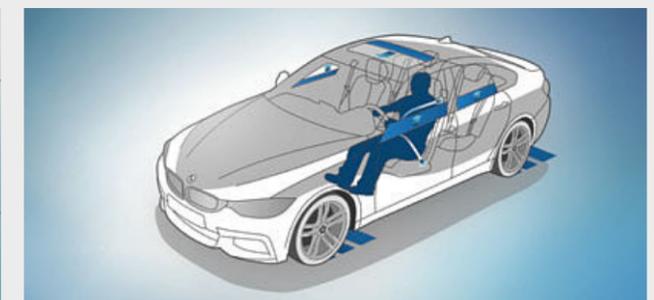

■ The **Dynamic Stability Control (DSC)** with extended functionality stabilises the vehicle as soon as any skidding motion is detected. Its extended functionality includes Cornering Brake Control (CBC), the hill-start and braking assistant, brake drying and braking readiness. For even more athletic driving, the Dynamic Traction Control (DTC) function allows increased wheel slip.

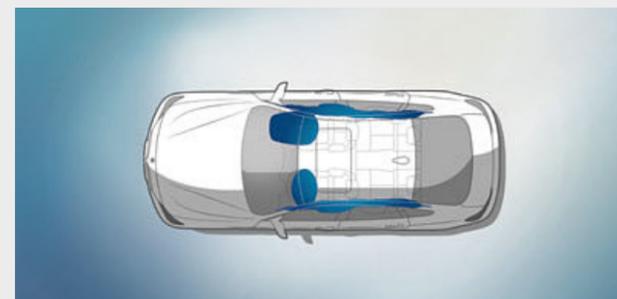

□ If there is an accident, time is of the essence. **Intelligent Emergency Call*** gets help and can even save lives in case of an emergency. It contacts specially trained call centre agents in native language who offer support to you and your passengers until the emergency services arrive. The first responders also receive important information directly.

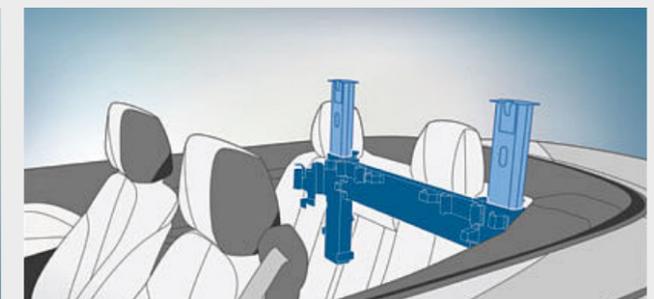

□ The **Adaptive LED headlights** adjust their light distribution according to speed and steering angle. They provide optimum illumination of the road ahead, improve visibility in the dark and feature a range of functions: highlighters, light rings, anti-dazzle function, BMW Selective Beam, fog lights, cornering lights, indicators, daytime running lights and Adaptive headlights.

□ **Active Protection** is the BMW ConnectedDrive preventive passenger protection system. Active Protection warns the driver if it detects signs of tiredness, safety belts are pretensioned in critical situations, electric seats are returned to upright positions* and the windows and sliding roof are closed. After an accident occurs, the brakes are automatically applied until the car reaches a standstill.

■ The **Airbags** for driver and front passenger, as well as the side airbags integrated into the front seat backrests, are integral elements of the well-interconnected safety components of each BMW and offer targeted protection in case of an accident.

■ The **Roll-over protection system²** in the rear headrests combined with the roll-over bar integrated into the windscreen frame forms the "passenger compartment". In case of accident the protective bars integrated into the headrests extend in fractions of a second to significantly improve head protection should the car roll over - guaranteeing a higher degree of safety.

¹ Available as optional equipment.
² Only available for the Convertible.

* The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

Some ConnectedDrive Services may differ between countries. Please consult your local BMW partner for more information.

Discover even more with the new BMW brochures app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

Selected base model equipment:

- Door sill finishers in Black with „BMW“ designation
- Seats in Cloth 'Move'
- Interior trim finishers Satin Silver matt
- 17" light alloy wheels V-spoke style 395 or
- 17" light alloy wheels Star-spoke style 393*
- LED headlights
- LED fog lights
- LED taillights with 3D bars
- Dynamic Stability Control (DSC) with extended functionality
- Automatic Start/Stop function
- Rain sensor

■ The cockpit featuring the sport leather steering wheel with multifunction buttons, Radio BMW Professional with 6.5" display and single-zone automatic air conditioning.

■ The seats with standard 'Move' cloth upholstery in Anthracite.

□ 17" light alloy wheels Star-spoke style 393*, 7.5J x 17 with 225/50 R17 tyres.

□ 18" light alloy wheels V-spoke style 398 with mixed tyres*, front 8J x 18 with 225/45 R18 tyres, rear 8.5J x 18 with 255/40 R18 tyres.

* The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

LUXURY LINE.

Discover even more with the new BMW brochures app. Available now, for your smartphone and tablet.

■ The sport leather steering wheel with multifunction buttons affords excellent grip and enhances the sporting and elegant character of the cockpit.

■ The seats upholstered in leather 'Dakota' Cognac with Brown highlight enhance the interior's premium appeal.

■ 18" light alloy wheels Multi-spoke style 416, 8J x 18 with 225/45 R18 tyres.

□ 19" light alloy wheels Multi-spoke style 708 with mixed tyres and run-flat properties in Ferric Grey, gloss-lathed, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 tyres.

Luxury Line exterior equipment:

- BMW kidney grille with eleven exclusively designed vertical slats with front sides in Chrome high-gloss
- Front bumper with specific design elements in Chrome high-gloss
- 18" light alloy wheels Multi-spoke style 416; other wheels available
- Air Breather trim element in high-gloss Chrome, alternatively in body colour
- Side window surrounds and window recess finisher in Chrome high-gloss
- Rear bumper with specific design elements in Chrome high-gloss
- Tailpipe trim strip in Chrome high-gloss

Luxury Line interior equipment:

- Door sill finishers in aluminium with "BMW" designation
- Seats in Leather 'Dakota' Cognac with exclusive stitching, other upholstery options available
- Vehicle key with Pearl Chrome detailing
- Air conditioning and radio control unit with Pearl Chrome detailing
- Centre console trim in Black high-gloss with Pearl Chrome detailing
- Interior trim finishers in fine-wood trim 'Fineline' Anthracite with highlight trim finishers Pearl Chrome, the highlight trim finishers extend to the doors and in the rear; other trims available
- Orange or White variable Ambient light
- B-pillar illumination

SPORT LINE.

Equipment 22 | 23

■ Standard equipment □ Optional equipment

■ The sport leather steering wheel with multifunction buttons affords excellent grip and enhances the sporting and elegant character of the cockpit.

□ The interior with Sport seats and leather upholstery 'Dakota' in Black with exclusive stitching in Red reflects the contemporary dynamics of the exterior in the passenger compartment.

■ 18" light alloy wheels Double-spoke style 397 in Bicolour Orbit Grey, gloss-lathed, 8J x 18 with 225/45 R18 tyres.

□ 19" light alloy wheels Star-spoke style 407 Bicolour Orbit Grey, gloss-lathed, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 tyres.

Sport Line exterior equipment:

- BMW kidney grille with nine exclusively designed vertical slats with front sides in Black high-gloss
- Front bumper with specific design elements in Black high-gloss
- 18" light alloy wheels Double-spoke style 397 Bicolour Orbit Grey; other wheels available
- Mirror caps in body colour, alternatively in Black high-gloss
- Air Breather trim element in Black high-gloss, alternatively in body colour
- Side window surrounds and window recess finisher in Black matt
- Rear bumper with specific design elements in Black high-gloss
- Tailpipe trim strip in Black, chrome-plated

Sport Line interior equipment:

- Door sill finishers in aluminium with "BMW" designation
- Sport seats in cloth 'Corner' Anthracite with Red or Grey highlights; other upholstery options available
- Sport leather steering wheel with red contrast stitching, alternatively available with black stitching
- Vehicle key with Red detailing
- Instrument cluster with speedometer and revolution counter with chronoscaling and red contrast ring
- Air conditioning and radio control unit with Chrome detailing
- Centre console trim in Black high-gloss
- Interior trim finishers in Black high-gloss with highlight trim finishers Pearl Chrome, the highlight trim finishers extend to the doors and in the rear; other trims available
- Driving Experience Control with additional SPORT+ mode
- Orange or White variable Ambient light

M SPORT PACKAGE.

Discover even more with the new BMW brochures app. Available now, for your smartphone and tablet.

powered by 

■ Standard equipment □ Optional equipment

□ The cockpit featuring the M leather steering wheel with multifunction buttons, Navigation system Professional with 8.8" display and two-zone automatic air conditioning.

□ The M seat belts¹ with belt tensioner and belt force limiter boast an exquisite woven highlight in the classic M colours.

□ The Sport seats in leather 'Dakota' Midnight Blue with Oyster dark* highlight underscore the vehicle's powerful, athletic appearance.

M Sport package exterior equipment:

- M Aerodynamics package with front apron, side skirts and rear apron with pronounced diffuser insert in Dark Shadow metallic
- BMW kidney grille with nine exclusively designed vertical slats with front sides in Black high-gloss
- 18" M light alloy wheels Star-spoke style 400 M with mixed tyres; other wheels available
- M Sport suspension*
- BMW Individual high-gloss Shadow Line, or alternatively in satinised aluminium
- M logo on the sides
- Exterior mirror caps in body colour
- Air Breather trim element in high-gloss Black, alternatively in satinised aluminium or body colour
- Paintwork in Alpine White uni; other paintworks available
- Tailpipe trim strip in Chrome high-gloss

M Sport package interior equipment:

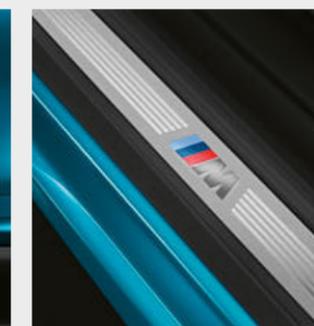

- M door sill finishers, M driver footrest
- Sport seats for driver and front passenger in cloth/Alcantara combination 'Hexagon' Anthracite in exclusive M style; other upholsteries available
- M Leather steering wheel with multifunction buttons
- Vehicle key with Blue detailing
- BMW Individual headliner anthracite²
- Instrument cluster with speedometer and revolution counter with chronoscaling and red contrast ring
- Air conditioning and radio control unit with Chrome detailing
- Centre console trim in Black high-gloss
- Interior trim finishers in Aluminium Hexagon with highlight trim finishers Blue matt or Black high-gloss, the highlight trim finishers extend to the doors and in the rear; other trims available
- Shortened gear lever with M designation (for manual transmission)
- Driving Experience Control with additional SPORT+ mode
- Orange or White variable Ambient light

□ 19" M light alloy wheels Double-spoke style 704 M Bicolour Jet Black with mixed tyres, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 tyres.

□ 19" M light alloy wheels Star-spoke style 403 M with mixed tyres in Bicolour Ferric Grey, gloss-lathed, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 tyres.

■ When the front doors are opened, one's eyes are automatically drawn towards the M door sill finishers made of aluminium.

¹ Only available in combination with the M Sport package.

² Only available for the Gran Coupé.

* The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

BMW INDIVIDUAL.

THE EXPRESSION OF PERSONALITY.

Silky matt and expressive: The BMW Individual Frozen Dark Grey metallic paintwork has a unique finish with a silky sheen that emphasises every curve and every surface of the BMW 4 Series Gran Coupé.

The interior trim finishers BMW Individual fine-wood trim Ash Grain White with highlight trim finishers Pearl Chrome draw attention to the fascinating contours in the interior with their sporty yet classy appeal.

The illuminated Individual door sill finisher marks the step into a new world of personal style and absolute luxury, both during the day and at night.

If someone decides, then you: BMW Individual offers you all the options to customise the BMW 4 Series Gran Coupé according to your wishes, with the degree of customisation entirely up to you. Add your personal driving experience to the typical BMW driving pleasure. Basically everything that is conceivable is possible. Choose what suits you the most from particularly high-quality equipment options for the interior and exterior. Or go your very own way, only following your ideas – we make sure that they become an automotive reality.

ADDITIONAL EQUIPMENT.

Discover even more with the new BMW brochures app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

□ The Adaptive LED headlights adjust their light distribution according to speed and steering angle. They provide optimum illumination of the road ahead, improve visibility in the dark and feature a range of functions: highlighters, light rings, anti-dazzle function, BMW Selective Beam, fog lights, cornering lights, indicators, daytime running lights and Adaptive headlights.

□ The Comfort access system allows passengers to enter the car via the front doors and open the tailgate without having to actively use the key. The key just has to be on the user's person. To unlock the vehicle, just touch the door handles or tailgate button. The tailgate can also be opened and closed without being touched via a quick wave of the foot under the bumper.²

□ The electrical glass roof¹ with slide and lift function including sun protection, anti-trap protection, comfort opening and closing via the vehicle key and one-touch function brings light into the interior and allows passengers to regulate the air flow rate according to their preference to create a pleasant interior climate. The integrated, automatically extending net wind deflector guarantees a high level of acoustic comfort.

■ The Rain sensor automatically switches on the windscreen wipers when required and adjusts the wiper frequency to the rainfall intensity. When the light conditions require, the integrated automatic headlight activation activates the low-beam headlight.

□ The exterior trim in satinised aluminium emphasises the vehicle's distinctive nature. It includes a range of exterior features such as side window surrounds and window recess finishers as well as Air Breather trim elements in satinised aluminium. In appealing contrast to this, the mirror bases, mirror triangles and window guides as well as the trims on the B and C pillars are all finished in an athletic Black matt.

□ The M Sport brake³ has four-piston fixed callipers at the front and two-piston floating callipers at the rear in dark blue and with M designation and features larger brake discs to ensure outstanding braking performance.

■ The rear lights with lighting elements in LED technology consist of individual high-performance LED lighting elements and have the characteristic, striking BMW L-shape, meaning that the vehicle is clearly recognisable as a BMW even in the dark.

□ The Wind deflector³ provides the driver and front passenger with effective protection from draughts at neck and shoulder-height, even when travelling at high speeds. When it is not needed, the collapsible sides can simply be folded together for easy and compact storage.

□ The Air collar^{3*} ensures comfort when driving, by pleasantly providing warmth for the head and shoulders. When the roof is open, the warming system integrated into the front seats is automatically regulated based on the speed and outside temperature. Three different temperature levels can also be personally selected.

¹ Only available for the Gran Coupé.
² Contactless opening and closing only available for the Gran Coupé.
³ Only available for the Convertible.

*The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

ADDITIONAL EQUIPMENT.

Discover even more with the new BMW brochures app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

□ The outstanding Harman Kardon surround sound system features a 600 watt digital amplifier, 9 channels and 16 loudspeakers¹ with chrome detailing. Its sophisticated sound perfectly fills the interior space. Vehicle-specific, speed-dependent equalising precisely compensates for any background driving noise.

□ The Lights package* creates an atmospheric ambience in the interior. It includes a variety of additional LED lights: front and rear reading lights², vanity mirror lights for driver and front passenger, front footwell lights, Ambient light in the front and rear, and in the centre console, as well as exit lights in the doors and vicinity illumination in the exterior door handles.

□ The Sport seats for driver and front passenger provide optimum lateral support with their raised side bolsters and manually adjustable thigh support. The fore-and-aft position and seat angle can be manually adjusted, while the backrest width can be adjusted electrically.

□ The Through-loading system² includes rear seat backrests that can be divided in a 40:20:40 ratio for the greatest possible flexibility. For example, two passengers can be seated comfortably in the rear, while long objects such as ski and snowboard bags can be transported at the same time. The two cupholders in the centre armrest are very practical.

□ The Multifunctional instrument display* with Black Panel technology and a screen diagonal of 8.8" provides a highly impressive visualisation of the driving experience. Three different modes and their specific displays – each of which have their own colour scheme and graphic style – can be displayed in the instrument cluster: ECO PRO, COMFORT and SPORT.

□ The full-colour BMW Head-Up Display³* projects information relevant to the journey directly into the driver's field of vision.

□ Active cruise control with Stop&Go function* maintains a preselected speed, as well as the distance to the driver ahead.

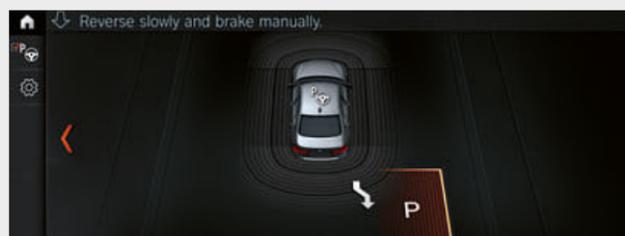

□ The Navigation system Professional, including hands-free facility, USB interface, 8.8" LCD colour display and Radio BMW Professional with a DVD player, comes with a three-dimensional map display and 20 GB of memory. The system is operated intuitively via the iDrive Touch Controller. Map updates are available for three years without license fees.*

□ Telephony with wireless charging⁴* includes a wireless charging dock and additional USB ports. A roof aerial connection improves mobile reception. Two mobile telephones and an audio player can be connected simultaneously via Bluetooth. Also included are: Bluetooth Office and the technical capacity for a WiFi hotspot.⁵*

□ Will it be sunny tomorrow in Rome? When is my flight and where is the best restaurant in the city? Concierge Services* are there to help when you are travelling and can support you with any request at the touch of a button – individual, personal and fast. Wherever you are, whatever you need.

□ The Parking Assistant* makes parking parallel and perpendicular to the road easier. The system works by measuring even tight potential parallel parking spaces while driving past at a low speed. When a suitable space has been found, the Parking assistant takes over the steering, while the driver is responsible for selecting the correct gear, as well as pressing the accelerator and brakes.

□ Thanks to its tightly spaced gear ratios and fast engine speed transitions, the 8-speed Steptronic transmission* ensures greater driving comfort, smoother gearshifts and low fuel consumption.

□ BMW Individual steering wheel finely structured in Sport leather steering wheel design with higher quality leather and thicker wheel rim.

□ The Automatic air conditioning with two-zone control and automatic temperature control features separate controls for the driver and front passenger. It also includes Automatic Air Recirculation (AAR), a micro active carbon filter, a fog and solar sensor, as well as rear air vents.

¹ Convertible with 515-watt digital amplifier, 9 channels and 12 loudspeakers.

² Only available for the Gran Coupé.

³ The contents shown by the Head-Up Display depend on equipment installed.

The visuals in the Head-Up Display are not fully visible when wearing polarised sunglasses.

⁴ Inductive charging for Qi-compatible mobile phones is possible. Special charging cases are available from Original BMW Accessories for selected smartphones that do not support Qi inductive charging.

⁵ The internet connection for the SIM card with 4G/LTE mobile communication incurs costs that are calculated separately by the mobile phone service provider.

* The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

Some ConnectedDrive Services may differ between countries. Please consult your local BMW partner for more information.

Please note that even normal long- or short-term use can lead to unrecoverable upholstery damage. This can be caused in particular by non-colourfast clothing.

Please note that the interior colour depends on the selected upholstery colour.

¹ Only available for the Gran Coupé.

² Standard for the Convertible with Luxury Line, Sport Line or M Sport package.

* The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

WHEELS AND TYRES.

Discover even more with the new BMW Brochures app. Available now, for your smartphone and tablet.

□ 18" M light alloy wheels Double-spoke style 441 M in Ferric Grey metallic with mixed tyres*, front 8J x 18 with 225/45 R18 tyres, rear 8.5J x 18 with 255/40 R18 tyres.

□ 18" M light alloy wheels Star-spoke style 400 M with mixed tyres*, front 8J x 18 with 225/45 R18 tyres, rear 8.5J x 18 with 255/40 R18 tyres.

■ 17" light alloy wheels Star-spoke style 393*, 7.5J x 17 with 225/50 R17 tyres.

□ 19" M light alloy wheels Double-spoke style 704 M Bicolour Jet Black with mixed tyres, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 tyres.

□ 18" light alloy wheels turbine styling 415, 8J x 18 with 225/45 R18 tyres.

□ 19" light alloy wheels V-spoke style 626 I with mixed tyres, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 tyres.

ORIGINAL BMW ACCESSORIES.

Equipment 36 | 37

■ Standard equipment □ Optional equipment ○ Accessories

○ The Pro 2.0 rear bike rack is lightweight yet sturdy and can carry up to 60 kg. Exceptionally easy to use, it carries two bikes or e-bikes (can be extended to accommodate three bikes). Its tilt function allows easy access to the luggage compartment at all times.

○ Forged 20" BMW M Performance light alloy wheels Double-spoke style 405 M in Bicolour Orbit Grey, gloss-lathed on the visible side. Complete wheel set with run-flat mixed tyres and tyre pressure indicator, wheel size 8J x 20 with tyre size 225/35 R20 90Y XL RSC in front and 8.5J x 20 with tyre size 255/30 R20 92Y XL RSC rear.

○ 20" light alloy wheels Double-spoke style 624 M in Bicolour Black, gloss-lathed on the visible side. Complete wheel set with run-flat mixed tyres, wheel size 8J x 20 front and 8.5J x 20 rear.

○ Front all-weather floor mats – precisely fitting protection against moisture and dirt in the entire footwell to keep feet dry. The black design perfectly complements the interior.

○ Key pouch made from quality leather to protect from soiling and inadvertent pressing of buttons. In black and red, to complement the vehicle key.

○ The Head-Up Screen places vehicle and navigation information in the driver's field of vision – and provides a smartphone interface.

○ Fitted luggage compartment mat in black with beige detailing and raised edge to protect the luggage compartment from dirt and spills.

*The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

Discover the wide range of innovative solutions available for the exterior and interior, communication and information, and for transportation and the luggage compartment. Your BMW Partner is on hand to advise you on the whole range of Original BMW Accessories. For further information, please visit www.bmw.com

Figures in [] refer to vehicles with Steptronic transmission.

¹ The EC unladen weight refers to a vehicle with standard equipment and does not include any optional extras. The unladen weight includes a 90% full tank and a driver weight of 75 kg. Optional equipment may affect the weight of the vehicle, the payload and the top speed if the selected equipment has an impact on the vehicle's aerodynamics.

² The actual total weight of the trailer must not exceed the maximum trailer load, taking into account the maximum tow bar download.

³ The data for fuel consumption, CO₂ emissions and energy consumption are determined in accordance with the measurements processes as defined by European Regulation (EU) 2007/715 in the applicable version. Data refer to a vehicle with base-level equipment in Germany, and the ranges account for differences according to the selected wheel and tyre size and the optional equipment and may change during the configuration process. Figures have been determined on the basis of the new WLTP test cycle and have been converted back into NEDC figures for comparability. [For these vehicles, values other than those specified here may apply for the assessment of taxes and other vehicle-related charges that are (also) based on CO₂ emissions.]

⁴ Performance data of petrol engines apply to vehicles using RON 98 fuel. Fuel consumption data apply to vehicles using reference fuels in accordance with EU Regulation 2007/715. Unleaded RON 91 and higher with a maximum ethanol content of 10% (E10) may also be used. BMW recommends RON 95 super unleaded petrol.

⁵ Electronically limited.

BMW 440i Gran Coupé with M Sport package:

BMW TwinPower Turbo six-cylinder inline petrol engine, 240 kW (326 hp), 19" M light alloy wheels Double-spoke style 704 M Bicolour Jet Black with mixed tyres, exterior colour in Frozen Dark Grey metallic, seats in leather 'Dakota' Cognac with Brown highlight, interior trim finishers in 'Carbon Fibre' with highlight trim finishers in Pearl Chrome.

BMW 430i Convertible with Luxury Line:

BMW TwinPower Turbo four-cylinder petrol engine, 185 kW (252 hp), 19" light alloy wheels Star-spoke style 708, Ferric Grey with mixed tyres, exterior colour in Sunset Orange metallic, seats in leather 'Dakota' Ivory White with Oyster dark highlight, interior trim finishers in Aluminium Carbon dark with highlight trim finishers in Pearl Chrome.

The models illustrated in this medium show the equipment and configuration options (standard and optional) for vehicles produced by BMW AG for the German market. Alterations in standard and optional equipment and the configurations available for the different models may occur after 11/12/2019, the editorial deadline for this medium, or according to the specific requirements of other markets. Your local BMW Partner is available to provide further details. Subject to change in design and equipment.

Of course, each vehicle is designed for economical recycling after its long-running life. You can find more information regarding your end-of-life vehicle on our website www.bmw.de/recycling.
